MANAGEMENT POLICY

To achieve our Vision, Mission and Slogan, we are committed to a Management Policy based on the following principles:

- To establish a partnership relationship with our clients, by promoting the continuous satisfaction of their needs and expectations, always at an optimised cost and competitive prices;
- To value and encourage the consultation, participation and awareness of all our employees, by ensuring their continuous training, in order to improve the quality of our products and services and our level of health and safety, and also to increase the degree of client and employee satisfaction, always with a view to achieve excellence and sustained success;
- To systematically promote risk assessment to eliminate hazards and reduce health and safety risks for our employees, by providing safe and healthy working conditions and developing a culture aimed at preventing injuries, wounds and other damages that may affect the integrity and health of employees and third parties under our responsibility;
- Ensure the implementation, maintenance and strict compliance with the normative, legal and regulatory requirements applicable to us, as well as the continuous improvement of the effectiveness of our integrated improvement system of quality, human resources and occupational health and safety;
- To establish healthy relationships of partnership and trust with our clients, employees, suppliers and other relevant stakeholders, contributing to their continuous improvement;
- Develop an organisational culture oriented towards thinking on prevention, risk and being aware of market opportunities.
